**Argline Sugar Fairy** by Koora Lyn Acclaim. Multi Supreme in hand and successfully competing under saddle. Multiple Supreme Australian Pony awards at the Perth Royal along with Champion of Champions at the APSB Stud Show 2013.

## Bamborough Siam

Bamborough Siam needs no introduction having been the resident stallion at the now closed Beelo Bi Pony Stud and the sire of many successful ponies in many disciplines across the Equestrian field. An excellent sire for producing Show Hunter Types with colour, expressive movement and great trainability.

Siam is available for limited bookings in 2014.

## Koora Lyn Acclaim

Koora Lyn Acclaim is a Multi Supreme Champion across three states and needs no introducing to those that know good pony bloodlines he has produced many well performed ponies across all fields and is an excellent choice to cross to larger mares for producing dressage ponies or Hunters. His beautiful temperament makes him an ideal choice for breeding children's ponies.

**ARISTOCRAT ARABIANS**

Kerry Treasure started Aristocrat Arabians over 23 years ago with one Arabian Purebred mare. Since then the stud has developed a name for breeding quality riding type horses with good bone along the Crabbet lines. The horses have excelled in the show ring and Kerry now has a selection of stallions that compliment not only Purebred mares, but also Thoroughbred and Warmbloods for producing Anglo, Part or Arabian Warmblood performance horses. The first Welsh Pony stallion was introduced 12 years ago and Kerry is now involved in the showing of this breed and has two stallions at stud. Kerry feels Welsh are an ideal breed to cross with the Arabian mares to produce the Arabian Pony or Part Arabian that are so popular as an all round riding pony. Fifteen acres in Cunderdin is home to the stud, which offers excellent mare care facilities with individual yards and paddocks. **Kerry Treasure: 041 893 5080, aristocratarabian@hotmail.com**

**KISMET PARK**

Kismet Park started back in 1992 with the breeding of Riding Ponies as a hobby. A chance meeting in 2005 changed our lives forever. I was asked to judge the breed section at Busselton Ag Show and the judge in the other ring Delys Watt of San-Del Stud. We got talking and decided to go and have a look at her recent foals and that's where we found our super spunky five week old Popstar. Wow what a journey it has been so far! We could never have imagined in a million years that we would have a pony like Popstar. Popstar has the nicest nature with masses of personality, he thinks he's a big puppy dog. His character and huge flowing movement has seen us achieve more than we had ever in our lifetime before, and probably will never again. Popstar has won an amazing 23 Supreme of Supreme Awards, Best Youngstock Awards, Best Welsh Exhibit Awards, Supreme Champion at the Perth Royal Show and many many more. His progeny are proving to have the same beautiful temperament and nature, they just love people. Kismet Park has now changed breeding direction, going into Part Welsh as our cross from Popstar out of our Dr Johnston mare is just divine. So we can't wait to start our next journey with what we call our Once in a Lifetime Pony! *Pictured is Kismet Park Socialite Kim Thomas on 0458 013 366 or email kismetpark@westnet.com.au*

**ARYLINE PONY STUD** Established in 1999 with the purchase of an older Australian pony mare Neva Tia Sophia. Sophia was quickly followed with Neva Tia Silver Cloud, Neva Tia Silver Dreamtime, Neva Tia Silver Doublet and the old mare Neva Tia Tooriliyay. On a visit to Sydney in 2003 we were lucky enough to visit Koora Lyn Australian Pony Stud and were offered the lease of the yearling colt Koora Lyn Acclaim. Acclaim stood in WA till 2005 when he then returned to Sydney back to the KL Stud in that time producing a number of well performed ponies for the stud including Aryline Sugar Fairy, our multi supreme winning mare as well as bringing home multiple champions and supremes in his own career across three states. In the meantime we were very lucky to purchase Bamborough Siam from the closing down sale of Beelo Bi Stud. Siam has produced an exceptional crop of foals both pure and part bred for us over the years with the added bonus of introducing dilute coloured foals to the stud. Both Acclaim and Siam have helped make Aryline Pony Stud one of the leading producers of Australian ponies in WA in the past decade with their progeny boasting an impressive list of awards. We are pleased to welcome Acclaim back to WA where he will once again take his place beside Siam as a resident stallion. **We can be contacted on 0419967670 or aryline@bigpond.com**

**LANARYN ARABIANS** Lanaryn Arabians & Braylea Show Horses have been breeding and showing quality Arabians and Derivatives for over 20 years. We have a small exceptional group of mares that have been carefully selected. All are A class show winners and carry the bloodlines of today's most inspirational stallions. We are excited to announce that the beautiful Mescal Al Saba is now a permanent resident and joins our young straight Egyptian black colt, Fairview Jamil Al Kha-zar at stud this season. In partnership with Eneri Park we are agents for the amazing Marwan Al Shaqab son, Aria Impresario (USA) in Australia and look forward to the next generation of foals born at Lanaryn Arabians. Situated in the beautiful wine growing Swan Valley, we are just a stroll to wineries, café's and the chocolate factory! Positions are now available for halter training and show preparation. *Pictured: Nadalla Park Makmiadiva* **Visitors welcome, Contact Melanie or Taryn Bray on 0405 643 389**

**ALPHALEA ARABIANS** Established in 1980 when Lusia Abbott bred the purebred mare Jumburra Falling Star to the multi Supreme Champion Palomino, Tiara Glowing Gold and produced a Supreme Champion Palomino colt. Bitten by the Arabian bug, Lusia purchased several Arabians, including the beautiful black liver chestnut colt Kejome Kamill, who won at the Perth Royal Show several times, sired many Champions, Supreme Champions and endurance horses. Lusia then imported a Pure Polish Arabian stallion from USA, Vivo (Tryptyk x Viola) sire of Revel, Alphalea's only home bred stallion. Also purchased was Sadiks Psyche, an Australian Champion Stallion in hand and under saddle. Believing it takes quality horses to produce quality horses, Alphalea recently imported three young mares that have been shown to high accolades on the east coast. Breathless Vision (bay) was awarded Reserve Australian Champion Filly (equal in points to the Champion). RD Caprice (grey) was Supreme Purebred Female at the Victorian Classic and Beguine OH has been an East Coast Champion and Australian Champion Top 10. **Lusia Abbott: 0428 631 080 www.alphaleaarabians.com.au**

**TREELEA PARK** Treelea Park Pony Stud is situated in the shire of Serpentine with the multi Champion and Supreme Willowcroft Soprano standing at public stud. Soprano is a pure joy to own, with his quiet nature he can be taken straight from the paddock once every four months when my daughter wants a ride and with no issues. He also does modelling for Maddington Horselands inside their shop on the catwalk for their VIP nights! We breed only one or two foals for ourselves each year and currently have two colts weanlings by Soprano for sale. Treelea Park Doulton, chestnut, mat 13hh and black/brown Treelea Park Elite, mat 13.2/3 hh. We have had a few years break from showing, but will be back out and about later in the year. **Michelle Willems 0411 036 772 or visit www.treeleapark.com**

**ROWEN STUD** Established in 2007 with the purchase of two weanling fillies, one from the Cwmkaren Stud in Queensland and another from Pen-nant Stud in South Australia as foundation mares. In 2008 Gwynfaes Madoc was imported from Wales as a two year old colt. Sired by the well known Welsh Cob stallion Gwynfaes Culhwch who is UK Royal Welsh Show and multiple Sires Ratings winner. Gwynfaes Madoc was shown as a three year old to win Supreme Welsh Exhibit at the 2009 WA All Welsh Show. We are very lucky to own him as he is proving a wonderful stock getter, all his progeny are doing well in the show ring, they are all very much stamped by him in looks and have very trainable temperaments. In 2010 Rowen Stud imported from Wales a filly, Penstrumbly Blue Jean Baby - her first daughter by Madoc, Rowen Gloria Jean, has enjoyed much success in the showing so far. Rowen Madonna also a Madoc 2010 filly, has won every major Welsh Youngstock in hand award available in WA which has been a terrific boost for our stud along with winning Hi Point Exhibitor at the 2012 WA All Welsh. We have seven mares in foal to Madoc for this coming season including one from a TB mare. The first cross foals are also proving very popular for the ridden market too. **Jody McKenzie, www.rowenwelshcobs.webs.com**

**SERDELLA STUD** Situated in Mardella and started in 2014 with the purchase of the magnificent multi supreme winning Welsh D Stallion Trapalanda Downs Imprint. Our aim is to breed performance horses for any chosen discipline over our TB mares with movement, athleticism and a great amount of bone, with the bonus a quiet and sensible nature. He is by the multi supreme winning Trapalanda Dai Wynne. Imprint has done a little bit of everything including in hand and ridden breed, handy pony, eventing and dressage. His super quiet nature is passed on to his progeny. Imprint's foals are born with super movement and great bone. He is a stallion that you can take anywhere and stable next to any other horses without an issue, as he is a no fuss type of stallion. **Serdella Stud: 0413 945 579** *Pictured: Serdella Bust Up by Trapalanda Downs Imprint (Redfoto)*

# WA STUD NEWS AND HAPPENINGS

**Audra McHenry from Palm Lodge** in Middle Swan has been occupied with her young twins over the past few years and has not been doing a great deal with her Paint stallions. Although Butch Cassidy was put down after severe colic Audra has some of his fillies to carry on the bloodlines and also has three new colts ready to be upgraded to stallion status. One of these, PL Ima Fire N Cassidy Kid, a true black and white 16hh tobiano, will be retained as Audra's future stallion and will be at stud this year.

**Kerry Treasure from Aristocrat Arabians and Welsh Ponies** has had a stressful year with a couple of her Arabian stallions. Erin Park Nelson had surgery after a colic episode that was not due to a blockage or twist but to his bowel being dislodged. Nelson has recovered completely and Kerry has decided to do AI with him this year. **Arbour Grange Hafab** had penicillin after presenting with a swollen leg and had an allergic reaction to the procain in the penicillin that had him falling down and having a 'fit'. He survived and is now back to normal but Kerry has his 'medical bracelet' prepared that says **Do Not Administer Penicillin!**

## DYNAMIK STALLIONS

Kristy Jarvis is excited about the future for the stud's German Riding Pony youngsters in Germany. Coco de Luxe, a mare purchased in 2011, has now commenced her preparation for the mare performance test and is in training with Birgit Wellhausen-Henschke, who is a top producer of FEI horses for international sport and has had much success with ponies in former years. In 2013, after covering over 4,000 km across Germany, Kristy purchased Top Bachelor, a foal with a huge walk and an uphill canter wrapped in a black coat and a super pedigree with his sire Top Berlin being a 14hh pony that can jump 1.6 metres with a score of 9.8 for his jump and having the pedigree of the international show jumping Warmblood, Cornet Oblensky in his lines. Sadly Bachelor had to be euthanised in June after an unfortunate paddock accident. Dynamik Stallions are returning to Germany in August and will bring home updated reports on their young stock in training.

## TWO GERMAN RIDING PONY STALLIONS COMING TO WA

It's more than a rumour now – WA has two new German Riding Pony stallions that will be here for the 2014 breeding season. Experienced coach and former international rider Sally Leigh Woods has returned from a June trip across Europe and England where she visited many of the German Riding Pony studs in her search for performance

horses for a client in WA. The first selection was a black with four white socks, 14.1hh that has already won numerous high level performance events. He was a team member in the 2011 and 2012 European Championships and was selected to join the new stud in WA because he has the ability to produce not only dressage prospects, but all round sensible riding mounts with superb movement. The second stallion is a chocolate brown four year old that won his first competition and from that win qualified to compete at the prestigious major event for young horses in Germany, the Bundeschampionate in Warendorf. This young stallion will stay in training in Germany until after the event later in 2014 and then will be coming to WA. Looking forward to seeing these additions to the WA gene pool of quality horses.

## BREEDING TELLS FOR WELSH COB STUD

The emerging interest in Welsh Cobs was behind the setting up of Rowen Welsh Cob stud in 2007 by Jody and Kim McKenzie. Situated in Narrogin, the stud started with the purchase of two weanling fillies from the Cwmkaren Stud in Queensland and another from Pen-nant Stud in South Australia as foundation mares. In 2008 the stud imported the two year old colt Gwynfaes Madoc from Wales and he was shown as a three year old to win Supreme Welsh Exhibit at the 2009 WA All Welsh show. He is obviously following in his father's footsteps as he is by the well known Welsh Cob stallion Gwynfaes Culhwch who is a UK Royal Welsh Show and multiple Sires Ratings winner.

## Vale - Outback Roc

Richie and Cherry Brennan's Horse and Paint Stud have put their multi champion Buckskin QH and Stock Horse stallion, Outback Roc, down as arthritis was affecting his mobility. Cherry has retained three of his daughters for the stud and has foals due to drop this year.

Landor Station Quarter

## FRISO STUD

Di Hill from Friso Friesian Stud, breeders of Friesians since 1979, has sold her stallion Reitse to Alison and Steve Venrooy of Mellandra Equine and Agistment Centre in the Albany. "I always felt if the right time and person came into Reitse's life I would let him go, and now was the right time and the right people."

Reitse will stand at stud and Alison and Steve have put him back into work - the plan being that he will compete next year in possibly dressage and jumping. The Venrooy's are familiar with Reitse as they have been breeding for the past few years and have foals due this season.

Di is retaining her band of broodmares, many of whom are daughters and grand daughters of Reitse and is now fulfilling her dream of campaigning and competing in dressage with some of her mares and will be showing at the Perth Royal. While not intending to own another stallion Di is considering breeding, using chilled and frozen semen over her Reitse mares, as she said he has been a fantastic sire and has passed on outstanding qualities to his progeny. PHOTOP of frieze under saddle here with Di at show. Alison sending photo said we may or may not be able to use as we already have one of him

- *Rivendell Winston has changed his status on Facebook from stallion to gelding and his interests from breeding to dressage. Registered with the Australian Warmblood and Sporthorse Association this brown 16hh gentleman changed his status when owner Anja Cherian from Rivendell Stud in Marginiup decided to stop her stud activities and lease out the broodmare band. Anja said that being a gelding does not exclude him from his family duties, which includes looking after the 'kids' at times.*
- *Winston will also be keeping an eye on his son, Quincy, bred by Lorraine Richmond from Windemere Stud in NSW, who has joined the NSW Mounted Police Section on a trial basis.*
- *Quincy is around 16.2hh and so far he is doing well and his future looks promising.*

## JESTERS FLAT EQUESTRIAN

Based in Margaret River, Western Australia, Jesters Flat Equestrian started their Australian Stock Horse stud in 2008 with the purchase of ASH colt, Regret, from the late Brian Bird's Estate. Jesters Flat Regret boasts impressive bloodlines dating back to foundation sires, Abbey and Sage King. His progeny is already showing strong form with first gelding, JF Lawson, beginning his career training in the eventing arena (pictured here). First filly (4yr old), JF Alice, is also showing exceptional potential and will play her first game of polocrosse this year. All JF Regret's progeny have shown consistently stylish presentation, as well as being calm, athletic and intelligent. A perfect combination! For more information, including a YouTube video of Regret, Alice and Lawson in work, visit [www.jestersflat.com](http://www.jestersflat.com) or call 08 9757 4562. Did you know..... all Jesters Flat progeny are named after Australian literary figures!

## KAREN NICOLETTO SHOW HORSES

Karen Nicoletto is one of the most knowledgeable trainers in the equine industry, training both horse and riders for their chosen discipline for the past two decades. Working closely with students at Catholic Agricultural College in Bindoon, Karen gives 110% to ensure they learn all aspects of owning, training and showing quality horses. Standing her Quarter Horse stallion Heez Zippin Hot (Mr Chip) at stud this year for a limited number of mares, contact Karen sooner rather than later to get your mare booked in as he's proven to be a sire in demand in previous years. A versatile Quarter Horse who has proven himself in and out of the show ring, Heez Zippin Hot has a kind eye and impeccable temperament, qualities he has been passing onto his progeny. **Karen Nicoletto Show Horses phone 0412 173 466, [Karen.nicoletto@gmail.com](mailto:Karen.nicoletto@gmail.com). **LANCEFIELD PARK** Twenty-five years of handling stallions and ten as a qualified artificial insemination technician have contributed to the success of Lisa Adams' breeding and artificial insemination centre at Lancefield Park in Boyanup. The centre can take a mare from conception to foaling down and their services are designed to make the breeding process convenient and affordable for all horse owners. Clients' stallions are welcome on the property and Lancefield Park also offers its own stallions. AI is a highly technical field and Lisa has invested a great deal of time in keeping her knowledge of the practice up to date. "We think of Lancefield Park as a boutique operation that provides a complete breeding service," she said. Lancefield Park is proud to offer at stud Lancefield Park Leopold, San-Del Popstar and for the first time, the stunning black Straight Egyptian stallion SP Shakil Rafiq at public stud via AI / fresh and chilled semen. **LAZY T QUARABS** The main aim for our breeding program is to produce well build Quarabs; we use a combination of working bred QH/Paints and old fashioned Arabian bloodlines, which compliment each other well. This results in progeny of form, function and most importantly, an excellent, trainable nature...with colour being the added bonus! The stock we produce is strong, solid, sound and can really move out well! Most of the youngsters we've bred have matured around the 15hh mark - a perfect height for most of our clients. **Mayanup WA, [www.lazytquarabs.webs.com](http://www.lazytquarabs.webs.com)**

**LANDOR STATION QH AND PAINT STUD** Cherry and Richie Brennan have been actively involved with showing and breeding Paints for over 40 years. Situated on a picturesque 100 acres, between the Swan Valley and Chittering Valley on Great Northern Highway, the stud's broodmare band of fourteen consists of the best of the fillies bred from their own stallions, and others - with selective, sought after bloodlines - that have been purchased. The Brennans believe in having the best bloodlines and temperaments in their broodmares. The bloodlines include Loots Centrefold (current and has been 3 times Grand Champion Paint Horse, WA), Ima Cool Seeker (imp USA), Tribulation (imp USA), Just Shameless (imp USA), Juco (imp USA), C Notes Playboy, Mighty Awesome (USA), Ford Shameless Cowboy (imp USA), Cee A Barpasser (imp USA), Roc'O'Lena (imp USA), Outback Roc QH (dec'd), Lopeslikealoot and The Caicos Kid. Selected young stock

are occasionally for sale. Senior sire - Lopeslikealoot - is by the current Super Sire of both ridden and halter horses in Australia, Loots Images (imp). Landor Station's other stallions that have had a big influence on their breeding are Outback Rock, QH and ASH (dec'd) and the American bred QH, The Caicos Kid, a 16hh grey by CK Kid (one of the leading sires on the USA QH leaderboard). A young and exciting stallion, The Caicos Kid is producing stunning babies that are winning everything, including filly and colt classes at the 2014 QH State Championships. **Cherry Brennan on 0429 686 135 or cherryrichie@bigpond.com**

**KALISTA PARK QUARTER HORSES** Kalista Park Quarter Horses proudly offers for sale, TYSON a 2yr old chestnut purebred who is a half-brother to our resident stallion Classic Scenario. Dual registered with AQHA and AMQHA green broken and ready to go on with. He has an easy going very trainable attitude. HARLEY an elegant, but muscular Thoroughbred cross yearling sired by Classic Scenario. Bay with bling. This boy will suit halter, hunter and pleasure. Both these boys have been imprinted at birth and had the best nutritional start to life. **Contact Amanda Rochford for further details on 0405 610 260**

**KAREELA HILL QUARTER HORSES** Established in 1986, the stud has bred polo ponies and elite German dressage horses but today their focus is on breeding classy, sensible all rounders for the recreational rider who would like a horse that can show one day and trail ride the next. Situated just out of Busselton, Kareela Hill is the home of the stunning black Quarter Horse, Radical Blue Magic. Bred in NSW, his sire is Tall Dark N Radical (Imp USA) who has three Register of Merits and two Superior Horse awards in both Halter and Western Pleasure. With the dam sire being Blue Denim Zipper, this Quarter Horse's pedigree has the genetic ability to produce beautiful foals with excellent conformation and calm intelligent minds, and he is gaining a reputation for improving over every mare that he breeds. **Anna Macleay, 0457 205 351, www.kareelahill.com.au**

**LAZY T QUARABS** The main aim for our breeding program is to produce well build Quarabs; we use a combination of working bred QH/Paints and old fashioned Arabian bloodlines, which compliment each other well. **TRIPLE S QUARTER HORSES** The Palomino QH stallion, Helios Antarctic, comes from all-round performance and working bloodlines and currently competes in barrel racing and rodeo events. His temperament makes him the ideal horse to teach the kids to ride on or to compete at speed, and his agility, stamina and trainability is outstanding. Sired by Helios Xanthus Q (by Cee Cook) from Helios Pet (by Gest a Struttin Doc) he is standing at Triple S Quarter Horses in Oakford, where AI can be arranged with prior approval. Owner Samantha Murphy, who describes Antarctic as a great horse to own and train, is eagerly anticipating the arrival of last season's foals. **Samantha Murphy, 0499 955 151, triplesqh@outlook.com**

## KINTORE PAINTS & QUARTER HORSES

Sarah Guy and Chay Burton pride themselves in producing quality horses that halter and then go on to ride. Their successes include Futurity winners in Halter, Lunge Line, Led Trail and Western Pleasure. The stud will be offering a selection of well-credentialed stallions to the discerning breeder in 2014. Kintore The Profit - the only Paint registered stallion in Australia by Good Prophecy (imp USA) - and Kintore Painting A Scenario - the only Paint registered colt by Coosscenario (imp USA) in Australia. Coosscenario, also owned by Kintore Stud, will be standing the 2014 season at KNK Quarter Horses in Dubbo NSW and will then be returning to WA. Standing at She-Oak QH's in partnership with Kintore Stud, OHK Krymsun Zip (impUSA) is the only import to have produced 3X High Point End Of Year Champions of USA 2013/14. As well as the stallions at stud, She-Oak and Kintore studs - under the banner of Prestige Equine Services - offer Boutique Breeding. This concept offers everything for the busy stallion or mare owner, including door-to-door service, mare pick-up and breeding, AI or live cover, semen pick-up from vet or airport, veterinarian on call 24/7, foaling down service, weaning, show and yearling preparation, stallion handling - standing at stud and/or agistment - and breaking-in for all breeds. The stud facilities include: two show barns with a total of 14 boxes, three outside yards, eight-horse hot walker, hot and cold wash bays, round yard and dressage arena, four post and rail stallion paddocks and all electric fencing plus white sighter wire. All paddocks are pasture improved every year and there is 24 hour supervision. **Sarah Guy, 0419 962 002 or email kintorepgh@hotmail.com**

# Kintore Paints and Quarter Horses

**THISTLE PARK** Thistle Park are pleased to have purchased Dornkaart (Imp), a bay stallion born Feb 2006 and originally purchased at the Hanoverian Elite Foal Auction in Verden in 2006 and imported to New South Wales later that year. His sire, Don Primero, has been the world's leading dressage sire for four consecutive years and earned an incredible 194 index in 2003. His dam, Piroeschka, is by the famous Pik Bube, also extremely successful on the international dressage scene. Dornkaart began his ridden career in 2010 and has proven to be an incredibly trainable and sweet natured horse with very forward, uphill movement and lovely cadence. Qualifying for 4 Year Old Young Horse competition with his first outing, he has proven to be a very competitive dressage stallion winning or placing at most of the competitions he has been to so far, and is now competing at Advanced level. In 2011 he was successful at both QLD State, NSW State and National competitions; in 2012 he won the Groomers Australian Elementary Leaderboard and a highlight of his career was his selection for the National Futures Squad for 2012 and 2013. Teaming up with Ian Smith in 2014 he will also compete in the FEI Young Rider competitions. Thistle Park will be breeding Dornkaart to produce horses with the trainable mind required for dressage, a sound temperament and elegance. Combining these attributes with outstanding bloodlines, conformation, movement and ride-ability, Dornkaart has already produced some outstanding progeny in Australia. **Thistle Park Stud. **YALAMBI FARM STUD** After two years campaigning on the international show jumping circuit, Yalambi Horses' Rory Hovel is very much looking forward to campaigning the "New Bunch" of Yalambi jumping horses. With seven new rising 5 year olds, and two new 4 year old stallions, it is going to be a very exciting and busy time ahead for the stud! Yalambi is also delighted to announce the return of Yalambi's Carpino Z (Carinjo x Capitol I) from Europe. The stud has retained Carpino due to his outstanding abilities, not only as a competition horse but also his importance as a breeding stallion to both Yalambi and Australian breeders as a whole. Carpino will carry on with his performance career in Australia, Rory continuing his aim to have him selected to compete for Australia at the 2016 Olympics in Rio. The first foals from the stud's two new young stallions, Cassini Rosso (Cassini II x Stolzenberg) and Fair Diamond (Indorado x Indoctro) are eagerly anticipated this season, with frozen semen foals from the European based sires Catoki and Christian also expected. With the entire Yalambi team; Emily and Rory Hovell and Alison Rowland, returning back to Australia, Yalambi are very much back in business as a world class competition and training facility. Alison and Rory are available for teaching and clinics so don't hesitate to contact them for all your breeding and training needs. We are very proud and grateful for our partnership with Mitavite Feeds, which continues to be instrumental in the successful production and development of our Yalambi Horses. **[www.yalambi.com](http://www.yalambi.com), 0409 004 328.**

**PENNY HILL PARK** PHP mares have produced some of the top dressage horses in Australia. PHP brood mare Andromeda (Anamour/Kilof Mcohl) is the dam of Kalimna Emblem who won the 4yo Young Dressage Horse in Queensland in 2009 and the 5yo Young Dressage Horse class at Sydney CDI in 2010. Emblem is Advanced Horse of the Year, is on the WA State Squad and the Australian Futures Squad. Andromeda produced daughters for PHP by Furst Romancier, IPS Vivaldi and Sir Donnerhall. Her yearling filly PHP Sahara (Sir Donnerhall /Anamour) was the AWA Reserve Champion of all horses assessed in Australia with a whopping score of 91.428! Lynne Crowden, the international judge and breeder of Double World Young Dressage Horse Champion Woodlander Farouche, gave her a score of 9.5 for type, 10 for her walk, 9 for trot and 9.5 for canter. Her last colt foal by Charmeur sold at only three days old! She is currently in foal to the elite stallion Furstenball. Carrington Park Wenona (Weltruhm/Sagamore Furisto) is the dam of Rossini (Rosentau) who was third at DJWTS in 2010. This exceptional mare has also produced foals of elite quality for PHP by Bellissimo M, Sir Donnerhall and Londonderry. Her son by Bellissimo M, PHP Bellagio, came first in Australia on the AWA Tour in 2013. PHP mares and their progeny comprise the following bloodlines: Bellissimo M, Furst Romancier, Quaterback, Anamour, Londonderry, Salute, Weltruhm, Furst Grandios, Sir Donnerhall, Royal Hit, IPS Vivaldi, Weltmeyer and Charmeur. Expressions of interest are invited for foals and for embryos from our mares bred to the stallion of your choice. Dressage horses are also occasionally available for sale. **Michelle James 0438 746 919 or visit [www.pennyhillpark.com.au](http://www.pennyhillpark.com.au)**

**DYNAMIK STALLIONS** Dynamik Stallions

stand four fully licensed German Riding Pony stallions in Mardella, Western Australia. The stallions are available for breeding via AI, Australia wide. The German Riding Pony is increasing in popularity throughout Australia since our foundation stallion, Don Philino, was imported in January 2008, the first fully licenced GRP stallion to stand at public stud in Australia. Don Philino, Top Der Da, Trussardi and Golden Rock all have excellent temperaments, rideability and super performance records. Breeders are using our stallions to create athletic pony types over pony mares and are finding that their temperaments are second to none. Some breeders are using the GRPs to downsize their warmblood mares or to cross with thoroughbreds to create super types of riding horses for small adults. See [www.dynamikstallions.com](http://www.dynamikstallions.com) for information packs, news of the Dynamik youngsters in Germany and details of our Open Day in late September.

**DONOVAN SHOWJUMPING** Chicago is fast

shaping up to be one of the most exciting young stallions in Australia. He had a very successful 2013 competing in NSW where he won the Novice Bronze Championship at Jumping in the Hawkesbury, as well as placing in every Oaks Medallion 6yo class he started in. Now back in WA, Chicago is competing at 1.25m and looking fantastic. His eldest stock are now turning three with many already broken in. All owners are extremely happy with their Chicago offspring, especially with the jumping ability and technique displayed in the free jumping arena. **Chadd Donovan 0407 722 655, [www.donovanshowjumping.com.au](http://www.donovanshowjumping.com.au)**

# Penny Hill Park Warmblood Stud

PHP was early to embrace frozen semen technology breeding one of the first frozen foals in Western Australia.

PHP mares have produced some of the top Young Dressage Horses in Australia.

Our mares and their progeny comprise the following bloodlines: Bellissimo M, Furst Romancier, Quaterback, Anamour, Londonderry, Salute, Weltruhm, Furst Grandios, Sir Donnerhall, Royal Hit, IPS Vivaldi, Weltmeyer and Charmeur. Most of our fillies have been retained by the Stud and, although destined to compete with some of our internationally experienced riders, will continue to produce elite foals for Penny Hill Park and our clients through our Embryo Transfer program.

Expressions of Interest are invited for our foals due in 2014 and for embryos from our mares bred to the Stallion of your choice. Dressage Horses are also occasionally available for sale.

**ARVADA STUD** Arvada Warmblood Stud specialises in producing quality Warmblood horses for sale. We also accept a limited number of visiting mares to our resident stallions each season, the full stallion line up can be viewed on our website. The majority of our progeny sell as weanlings to their future homes where they can commence their training in whatever discipline the owner prefers. It is an uncomplicated way for people to purchase a healthy youngster in the colour, gender and personality they prefer out of a quality Warmblood mare for often far less than the cost involved in breeding. We have an extensive Warmblood broodmare band consisting of our purpose bred mares and fillies by the very popular stallion Belcam Charlton, as well as by specially selected imported performance stallions. Our new sire Bloomfield Furst Impression by Furst Love (imp) will be joining our stallion line up for 2014/15. This will be followed up next season with our recently acquired colt Macarthur Debonair - De Niro / Sir Donnerhall / Alabaster (Ger). **A'SEDUCTION** A consistent and proven performer, A'Seduction has had five successful years of Grand Prix in the eastern states with his long term rider and owner Sally Evans (NSW). With over 10 state titles, he has previously been ranked in the top 10 Grand Prix horses in Australia before moving to Perth with new owner Alison Davis to compete with a young rider in Small Tour. He has been bred with a variety of mares and continuously stamps his movement and looks on his progeny. With 65 progeny on the ground, the oldest are now beginning successful FEI careers, the most notable at this stage being A Spider Bite, a bay mare who recently competed and placed highly at the 2014 Sydney CDI, including a 2nd place in the advanced Freestyle. Although his powerful movement and captivating looks are a great benefit to anyone wishing to breed, the true asset lies in his amazing temperament and trainability. **Alison Davis phone 0400 025 629, [alisondavis@live.com](mailto:alisondavis@live.com) Pictured: A Spider Bite sired by A'Seduction**

**HERMITAGE DRESSAGE** Hermitage Dressage are pleased to make the 'boys' available to breeders again in 2014 due to popular demand. We particularly wish to encourage Western Australian breeders to consider the Hermitage Dressage stallions for their mares as they offer world class proven genetics close to home. We are exceptionally proud of our stallions both as competitors and as sires. They are just delightful fellows and are a joy to have in our lives and to work with every day. 2014 has already been an exciting year. Latin Lover was approved for breeding with AWWA Ltd, took out the 4 year old Horseland Young Dressage Horse competition with a score of over 80% and stepped up to compete at Novice level with scores of over 75% ! Sandro Bedo's early foal crop stepped out in international Grand Prix competition with Rio 2016 firmly in sight for the USA - thanks to his high rideability and awesome athleticism, this horse has produced some incredible future prospects. We are excited to see his first Australian foal crop on the ground in 2015. Our much loved Skywalker has also returned to work under the guidance of Steph Spencer and we cannot wait to see him back competing in 2014 - his abilities and can do attitude never cease to amaze us. We will be breeding our first foals this year for our own program and we can't wait to see our own Sky babies on the ground. The boys are available for viewing by appointment and we welcome your interest. **Please visit [www.hermitagedressage.com.au](http://www.hermitagedressage.com.au) for more details**

**RIVERWOOD LODGE** Showjumping family Caitlin and Glen Bolger are equipped to take the next step in their breeding program and not only breed well-bred performance horses but to also compete them to a very high standard. The joy of breeding, breaking and competing their own stock is not only rewarding but when offered on the market they can guarantee their horses have had the correct start to take riders goals to the next level. The Bolgers pride themselves on breeding performance horses with a trainable mind, correct conformation and presence that allows them to be successful in a range of disciplines. The stallions' bloodlines are chosen to compliment their mares' attributes. Clearway, Landardel, Carpino Z, Balou Du Rouet, Charlamagne Ego Z and Colman are a few of their current lines that will be in the competition ring in the coming years. Both Caitlin and Glen Bolger are available for coaching in Serpentine WA with excellent facilities. ### CHAPELHOUSE CRISTIANO ABOUT THE LUSITANO BREED

From Portugal, the Lusitano shares the dominant genes of the sub-convex profile; high trotting action and close coupled body of the modern Spanish Purebred horse. Of noble proportions combining beauty and function the overall profile is rounded; legs are set under. They've gained international recognition as dressage horses; are suitable mounts for exacting work with bulls and cattle; and as versatile, comfortable riding horses. Gaits are powerful; rounded and lively. Recognised for excellent trotting ability; and energetic forward going hock action the Lusitano can accelerate over a given distance; collect and gather himself into a position of supreme balance. It is this athletic control of his compact frame which has led to his success in the high school arts and as a fighting horse. His fine, outstanding temperament makes him easy to train; he is gentle in the stable and has courage & obedience in his work. Lusitanos build a strong relationship of trust and fidelity with their owners. **Margaret Cala 08 9525 1112 or [cala1@bigpond.com](mailto:cala1@bigpond.com)**

**LOKENZO PARK** They just don't come much better than the Friesian Warmblood stallion - FRISO'S KNIGHT RYDER - with his back-to-back Champion Friesian Warmblood and Champion Ridden at the Perth Royal Show, multiple Supreme Champions in halter and Top 5 wins against imported horses. This 14.31/2hh stallion is well known for his beautiful conformation and movement and his incredible temperament. His foals to date have all shown the same amazing attributes by already winning Supreme Champions as weanlings! His daughter LP Royal Arrival was also sashed Best Foal In Show of all breeds at the recent youngstock show! ## BELVOIR VETS

A quick word with Dr Judith Latimer – Belvoir Equine Clinic's reproduction specialist, last year responsible for breeding over 300 mares.

**What advice would you give first time breeders?** "I think finding a vet who is going to be with you and your mare every step of the way is very important, it's that intimate relationship that I think creates good results. I personally feel the quality of the mare is as important as the quality of the stallion, so put lots of thought into this special decision. "Prepare early – June isn't too early to start researching your breeding plan, to get familiar with the costs involved and the steps you will need to take. Whether you are planning AI or natural cover, something I would recommend is a pre-breeding exam on the mare to check her health, suitability for breeding and develop a breeding plan with your selected repro specialist."

**Belvoir Equine Clinic is very lucky to have Dr Latimer living on site, surrounded by state of the art facilities for all your horse's needs, including foaling down and is ideally located in the Swan Valley.**

## BALDIVIS HOSPITAL EXCELLENCE SINCE 1984.

Baldivis Vet Hospital has been successfully breeding horses for thirty years. Using fresh, cooled or frozen semen, the vets take care to ensure they get the best possible outcome for each mare. Every examination is an opportunity to move a step closer to a viable pregnancy. Breeding close to ovulation and depositing the semen next to the appropriate oviduct increases the likelihood of success. All mares are examined afterwards to ensure the uterus is settled and ready to receive the embryo.

The care does not finish with getting the mare pregnant, however. Vets frequently monitor the growth and development of the pregnancy and mares at risk are examined and medicated to ensure they remain pregnant. With the newborn foal, the first goal is to prevent neonatal sepsis and later the focus shifts to the growth and development of foals with straight legs. Baldivis Vet Hospital is working with breeders to optimise the growth and development of weanlings into yearlings. **Dr Robert Davies BSc BVMS (Hons) MACVSc, (Equine Medicine), Certificate Equine Stud Medicine.**

### MILNE FEEDS

Horse owners often focus on feeding their weanlings and yearlings correctly, however nutritional support should begin well before this time, starting even before the foal is born. Feeding the broodmare essential nutrients, particularly during the second and third trimesters, is as important as feeding the lactating mare and her foal. The majority of foetal development occurs during the final two trimesters of gestation, with reliance on protein, calcium and phosphorus. Micro minerals such as zinc, copper, iron and manganese are also important during this time as they are stored in the liver of the foetus in preparation for birth. The nutritional requirements of the broodmare alter post foaling. In general terms her energy requirement will increase significantly to meet the demands of lactating. Her requirement for protein, calcium and phosphorus also increase as these nutrients are passed on to the foal during lactation. Providing the mare with a diet balanced in energy and nutrients, particularly vitamins and minerals, is vital to the development of her foal. Using a fortified feed, such as Studmaster, can take the guesswork out of feeding. There are many options available, with a variety of feeding rates to suit all types of horses. Seeking nutritional consultation, such as a Milne Feeds diet analysis, is a good way for horse owners to ensure their mare's diet is balanced during the different stages of pregnancy and lactation.

### LARKHILL VETS

offer best quality services for the breeding season. We offer personalised service for your broodmares for live cover, chilled, AI and frozen semen insemination. We have a herd of recipient mares for embryo transfer. This means you can breed your mare and the recipient mare carries the foal to term, thus your mare can stay in competition. Stallion collection is available for chilled semen breeding and stallion fertility assessment. Our breeding farm is located on 40 acres of irrigated pasture in Hopelands. Communal or individual paddocks are available. We treat each mare as an individual to enhance her reproductive potential. **For more information contact 9524 3838**

### MURRAY VETS
